Hi Mark,

John Stroiazzo is having Mary put together a CD package. Can you shoot me your address so I can have it mailed directly to you?

Thanks
Mike

Cynthia,
Thanks for letting me know.

Mike,
I can send the community liaison panel materials from April through July, 2015 to the records center, but I'll need your help tracking down any materials since last summer.

The team has a big lift to get all of the enforcement, community involvement and other materials into the site file.

Mark

Mark,

As far as I can recall, I don't think we have sent any materials related to the Liaison Panel to the records center. I don't believe we put any of those documents in the information repository, either.

Cynthia,
I have a binder titled, "Columbia Falls Aluminum Company – Community Liaison Panel, 2015" in my office. It contains the following:

- April 2015 "Community Assessment Report",
- Member list of Community Advisory Panel (undated),
- Membership list w/ contact information dated July 13, 2015,
- Purpose Statement and Ground Rules (undated),
- Organizational Meeting Minutes (May 2015)
- Agenda & Minutes (June 11, 2015)
- Agenda & Minutes (July 9, 2015)
- Superfund Steps Handout
- Superfund Process—EPA's A Community Guide to EPA's Superfund Program
- Citizen's Guide for Environmental Issues
- Agenda & Minutes (August 13, 2015)
- Roux Associates Presentation

Does anyone know if any of these materials have been sent to the site file? Do we have any additional materials from the community liaison panel since August, 2015 to send to the records center?

Mark

Subject: Anaconda/CFAC-Availability of Press Clippings-Record Center Question

Cynthia,

Do you know if any of the press clippings have made it to the records center? I have an e-collection of press clippings I collected starting at the end of 2014 and continuing through June, 2015. I then have 2 press clippings from February, 2016, but nothing in between. I'm happy to print out what I have and send them to the records center, but what about the period from July, 2015 through present?

Also, do you know what, if anything, we have sent to the records center in terms of community meetings / community liaison meetings?

Robert,

I also have a large collection of press clippings on Glencore from the Wall Street Journal. Should we be sending those to the records center, too?

Mark
